

Grade Eight Science - Formative Poster Assignment

OBJECTIVE:

- Work collaboratively with your partner to prepare a poster about how our personal choices influence a body system.
- You must choose a disease, disorder, or other issue of a specific body system that can be caused by our personal choices
- This is a formative assignment; you will not receive a grade, but we will do a peer evaluation and make a wall display to show our learning

TASK:

- Create an 11 x 17" poster using Google Slides - **See the poster criteria below**

YOUR POSTER SHOULD HAVE THE FOLLOWING SIX SECTIONS:

Describe the body system that you have been assigned • Give the name of the system • What are some anatomical parts of the system • What does the system do for us	Describe the disease, disorder, or issue that you have chosen • Give the name of the disorder • Discuss how it impacts the body system • What are some symptoms?	Outline some quantitative data related to the disease, disorder, or issue • Find a graph or table of data related to the disorder • Outline what the data is telling us about the disease, disorder, or issue
Describe the personal choices that may have caused the disease, disorder or issue, or made it worse • Discuss some things that people choose to do that could cause the disease, disorder, or issue • Can this disorder be caused by things other than our personal choices?	Describe the choices we can make to try and prevent this disease, disorder, or issue • Discuss things we could do to try and prevent us from getting this disease, disorder, or issue • Is prevention always possible?	Debatable Question: • Describe how Science was used to help fight the disease, disorder, issue • Debate: Was the use of Science to help the disorder positive, negative, or both?

DON'T FORGET YOUR MLA CITATIONS

HOW TO CREATE YOUR GOOGLE SLIDE POSTER INSTRUCTIONS

1. Open a blank Google Slide
2. Go to File
3. Choose "Page Set-up"
4. Choose "Custom"
5. Type in 17 x 11 inches

Now you have a Google Slide of the correct size for the poster

To add information to the slide you can insert textboxes

6. Go to insert and add as many textboxes as you need
7. Add your poster information into the textboxes
